HE operations at the Stock and Consolidated Exchanges this morning were of very little consequence, being a short day, many traders did not get out in an appearance at all, while others merely dropped down to the street for their mail and then returned to the exchanges. The Chicago Gas and Pullman Palace Car was the mainstay of the bulls, the stock jumping to 118 from 100 at the close on Friday.

There is renewed talk of extra dividends to be declared at an early day, and of other favorable developments. Pacific Mail was put up to 45 1/2 by the "bottom" pool.

Outside of the stocks named there was little or nothing done, although the tone of the market was firm. The Bank Statement gave the bears a surprise party. They had been predicting a rise of a million and a half in reserve, instead of which the statement shows a gain in surplus of \$408,025. The bank now holds \$5,443,510 above \$500,000 required.

LAST EDITION

POOR JO YOUNG'S MISERY.

Her Pitiful Story of the Blue-coated Lover's Brutal Treatment.

Policeman Bled to Be Brought Before the Commissioners.

An agonized mother and a household of sorrow and shame in Second street, a sorely bruised and heart-broken girl in hiding in Fifth street, and a cool and complacent young policeman slumbering easily in Cannon street. These are the principal figures in one of the saddest romances the east side has developed.

Innocent Johanna Young, 30 years old, fair and pretty, was introduced to tall, athletic, and handsome Policeman Jim Bled, of the Union Market Station, last December, by Policeman Dan Meenan.

She was quickly attracted to her. She loved not wisely, but too well, and Thursday night, when she met him by appointment and importuned him to marry her and right the wrong he had done, he cursed her, then beat her about her frail limbs and finally arrested her, charging her with disorderly conduct.

After a night spent in weeping in a police station cell, the poor, dishevelled creature was arraigned before Police Justice Patterson at Essex Market Court.

But even under these disadvantageous circumstances Jo Young had that in her appealing eyes which secured for her the late Jim Bled's charges, and by dint of kindly questioning Justice Patterson drew from her the story of her harrowing romance.

The girl was discharged and Justice Patterson told Policeman Jim Bled that he was a disgrace to the force and that he be dismissed if the story of the girl was true.

But Jim Bled, with the scariest letter embossed on her bosom.

She clung to her home for her father, Charles Young, a stern and steady house-maker at 170 Second street, would surely do her harm, and she would be lost.

Mrs. Young, a kind-faced, gentle-hearted mother, had spent a sleepless night, wondering
